

Winner & Finalists Lounge

Congratulations, Blade2032!

The following are **FINALISTS** and **WINNERS** in 2008 Best Software Awards:

Winner! BlueTooth Audio PocketPC Communication Bluetooth
Finalist! BlueTooth Audio Smartphone Multimedia Multimedia Tools

We hope that our awards process these past 8 years have helped increase your sales. Unlike almost all such contests we never required an entry fee. This year, due to lost revenue over the past years we are forced to charge a minimal fee for awards certificates and graphics. We hope you understand and we appreciate your loyal support over the past years! Thank you again!

Sincerely, Smartphone & Pocket PC Staff.
